

## **TRAILER FIELD CHASER NUMBER COLLECTOR**

### **WHAT TO DO**

Ensure crews in the trailer field are proceeding to Control Commission in a timely fashion.  
Collect Empacher numbers from crews returning to the trailer field.

### **WHERE TO DO IT**

Chaser – in the trailer field

Collector – at the gate leading out of the lower car park

### **HOW TO DO IT**

Chaser – Crews should be leaving the trailer field early enough to clear Control Commission and boat at their designated time. The tendency is for crews to leave the trailer field at their boating time. It's important that we start each division on time, so you'll need to chivvy people along in a firm but cheerful manner.

You'll be given a start order (which includes boating times) to assist in this essential role.

Collector – When crews start returning from their race, position yourself at the gate and collect Empacher numbers from the boats. These cost £5 each and it's important we retrieve them all. Once all crews have passed through, return to the trailer field and repeat.
